

Structural Foam Basins, Covers & Accessories

Structural Foam E-Series

The ultimate blend of design and durability.

The Ultimate Blend of Durability and Design

From the leader in Sump & Sewage Basins

The new Evolution E-Series Basin from TOPP has been engineered to provide the ultimate blend of durability and design. The result is a rugged structural foam basin with all of the industry leading features you need, at a price you want.

Sizes	Cap.	Wt.	Part #
18" x 22"	22 gal	11 lbs.	E2-2200
18" x 30"	30 gal	16 lbs.	E3-2400
24" x 24"	45 gal	19 lbs.	E4-3100
24" x 36"	68 gal	26 lbs.	E5-3300
30" x 36"	105 gal	33 lbs.	E6-4100

Features Include:

Stronger

- Maximum strength structural foam design won't crack or dent for extreme durability

Greener

- Eco-friendly recycled material

Smarter

- Dual raised flat pockets for a perfect inlet seal every time

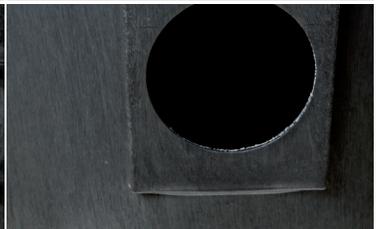

Easier to Install

- Self tapping lags for cover attachment
- No inserts to corrode or protect
- All covers packaged with necessary inlet grommets for ease of use for contractors

More Cost-Effective

- Lower shipping costs
- Integrated internal stack ribs allow for perfect stack and nest shipment - with no sticking

Safer Options

- Gas tight for sewage and radon mitigation when used with E-Series cover and gaskets
